1 Reason for APS

The laboratories listed in this APS (approval of procurement source) have demonstrated that they fully meet the requirements of one or more of the following DBL 1000 methods:

- VDA 278
- VDA 270
- DIN ISO 12219-4/6/7
- VDA 276-3

The D-U-N-S® no. serves to assign the laboratories to the approved methods.

Note: The inclusion of other laboratories/methods must be clarified in consultation with those persons who are responsible for the APS.

2 Scope of Testing

The suppliers of the Mercedes-Benz Group can freely select the listed laboratory from Table 1 for the required method.

3 Procurement Sources

Listed laboratories and their sources of supply are listed in Table 1.
